

Vertical balers

X-series X25 AD

ERGONOMICAL BALING

The X25 AD is equipped with cross cylinders, giving you stable compression and superior press force, together with a low overall height. Combined with a long stroke, a high bale weight can be achieved.

The X25 AD has an unique sliding door that closes and opens fully automatically. This gives the operator an ergonomical and quick filling of waste, still complying with the highest level of safety.
